

PRODUCT PACKING INSTRUCTIONS

Thank you again for letting me share Tupperware products with you, your family and friends. Your order should be arriving 7-10 working days from the day we close your party. Your order will be delivered to you by Federal Express Home Delivery. They deliver Tuesday thru Saturday.

When the Tupperware comes, here is what to do:

- ✓ *Count the boxes*, the label on the top of the box tells you how many boxes you'll be receiving. For example, 1 of 3 on the label means you'll be receiving a total of 3 boxes. It is not uncommon for some boxes to arrive on different days than others.
- ✓ *Inventory the contents of each box.* One box at a time, carefully match the products in the box to the items on the white packing list- When items are accounted for...
- ✓ *Fill each order.* Gather all the items ordered by that person and place them in a bag with the order form. Be sure their name is visible, and tie the top of the bag so nothing gets lost. Bags will be included with your order.
- ✓ *Distribute it.* Either bring your friends orders to them or let them know you have it and have them pick it up from you.
- ✓ **THAT'S IT!! YOU'RE DONE!** Call me if you have any questions, Sharon 289-7810
Thank You once again for your party! Your business is greatly appreciated!
